Barnes and Noble 105 Fifth Av. New York, 3, N.Y. U.S.A.

Dear Sir:

Through the intermediary of the Banco do Brasil I am sending to you an order of 750 (seven hundred and fifty) dollars, as prepayment of books which are necessary to some services in the federal government educational Institute under my direction.

Enclosed is the List n. 1 (C.L.D.M.E.), which will be followed by others. Nearly all the books ordered in that list are text-books, including pupils'edition, teachers'edition, workbooks, keys to tests, etc. This accompaniment I consider indispensable. Some American publishing houses have already sent to us as a gift text-books, accompanied by the same material, knowing it will be used for educational research.

Please send your invoices in five copies, with the indication of the number and initials of the list in which the books were ordered.

As it is not possible to obtain from the exchange control agency additional foreign money, unless the invoices corresponding to the preceding allowance are presented, please send the books as soon as possible, in order to facilitate future orders.

It is convenient to send the by registered mail.

Yours truly

Dear Dr. Teixeria:

We thank you very much for your letter dated June 24th with which you enclosed your list No. 2 consisting of books to be sent in new condition by registered mail.

We have forwarded to Ginn and Company your letter in response to our note of March 4th. A copy of our letter to Ginn and Company is enclosed.

We are very sorry that we neglected to send the Class Progress Charts which you mentioned in your paragraph number 4. The publisher, Scott, Foresman, will send the charts directly to you. There will be no other charge of course.

At the present time, you have a credit balance with us of \$750.00. Invoices will be sent when books are supplied on your current order and periodic statements will be sent to you showing the status of the account.

We thank you very much for your orders and hope that we may be able to complete this order much more promptly than your original order.

Very truly yours,

BARNES & NOBLE, Inc.

Dear Sir:

- 1 Enclosed I am sending to you the List n. 2 (C.L.D.M.E.), enumerating the books which will be paid from the balance in our favour you have. Please send first hand copies, by registered mail.
- 2 We have received, with the exceptions below mentioned, the books enumerated in the List n. 1. They were accompanied by your invoices ns. 32 770 to 32 774, 33 487 to 33 492, 33 927, 34 162, totalling 431.48 dollars.
- 3 As to the teachers' manuals and keys about which, in your note n. 427, of March 4, you advise us to address directly to the publisher, I am inclosing a letter to Ginn and Co., asking you the favour of forwarding it to them, with your remittance.
- 4 In your invoice n. 33 487 there are two items: individual progress charts and class progress charts. We received the first in duplicate, but not the second one. Please send it.
- 5 Please send a statement of the balance in our favour.

Yours truly

Barnes and Noble 105 Fifth Av. New York 3, N.Y. U.S.A.

Dear Sir:

- 1 Regarding the books ordered in our List nº 2, to which there is a reference in your letter of July 15, 1953, we have received two invoices, one nº 43914, dated of August 10, and another, dated August 14, whose number is illegible (by mistake you did not send the original). The last one totals US\$69.87 dollars and refers to Yearbooks of the National Society for Study of Education.

 No book listed in either invoices has arrived yet.
- 2 Would you be so kind to send the original of the last invoice, together with a statement of our account? This was requested in my letter of June 24, 1953, but, inspite of you saying that periodic statements will be sent to us, no one has come as yet.
- 3 We have to pay for some British Universities publications which were ordered from them. I wonder if it would be possible for you to transfer, from our balance, to a Bank of your choice in London, the amount of dollars corresponding to 25 pounds, for my credit, in order, that I may be able to pay for the above mentioned publications. Please, advise me by return mail if you have been able to arrange this matter as mentioned above.

Truly yours,

These shipments were mailed about the dates of the respective invoices and should have reached you by now. We assume you have made inquiries of the Brasilian Post Office Department at Rio de Janeiro. The mailing information is as follows:
 - a. The books covered by our invoice #53914 were mailed on August 11, and were included in 2 cartons bearing registry number M61441 and M61442.
 - b. The books covered by our invoice #44181 were mailed on August 18, and were included in 2 cartons bearing registry numbers M61492 and M61493.
- 4. We believe we can arrange to pay for the British Universities publications to which you refer. It would be easiest if you would furnish the names and addresses of the parties to be paid so that we can purchase checks in Pounds Sterling and forward them directly to the respective payees. We doubt that a British bank would want to handle a small transfer subject to withdrawals upon your written authorization and believe the procedume suggested is the easiest method of handling.

If upon receipt of this letter you have not received the two missing book shipments please advise us to that effect and we will ask the U. S. Post Office Department to institute tracers. Tracing is a slow and time consuming procedure and it may take from 6 months to a year before we shall have any response, at least that has been our experience in tracing another missing shipment to Brasil.

Dear Sir:

Thank you for your letter dated February 2nd with which you enclosed a duplicate copy of the order sent to us on December 16th, 1952.

I am very sorry that no acknowledgment had been sent to you. The order was received. The first shipment of books was made on January 23rd covered by our invoice No. 32770-3. We made a second shipment of February 9th covered by our invoice No. 33487-92. We are still assembling books from out of town publishers and they will be sent to you when received.

We thank you very much for your orders and we are sorry that it has not been possible to obtain the books from publishers more quickly.

Very truly yours,

John D. Wieboldt

Barnes and Noble 105 Fifth Av. New York 3, N.Y. U.S.A.

Dear Sir:

1 - Regarding The books ordered in our List nº 2, to which there is a reference in your letter of Jury 15, 1953, we have receibed two invoices, one nº 43914, dated of August 10, and another, dated August 14, whose number is illegible (by mistake you did not send the original). The last one totals US\$69.87 dollars and refers to Yearbooks of the National Society for Study of Education. No book listed in either invoices has arrived yet.

2 - Would you be so kind to send the original of the last invoice, together with a statement of our account? This was requested in my letter of June 24. 1953, but, inspite of you saying that periodic statements will be sent to us, no one has come as yet.

3- We have to pay for some Britsh Universities publications which were ordered from them. I wonder if it would be possible for you to transfer, from our balance, to a Bank of your choice in London, the amount of dollars corresponding to 25 pounds, for my credit, in order, that I may be able to pay for the above mentioned publications. Please, advise me by return mail if you have been able to arrange this matter as mentioned above.

Truly yours.
